Curate Your Space with Eco-Conscious Pieces That Tell a Story.

Your home is a reflection of your values and your vision.

The Zerocrete Furniture & Home collection offers discerning individuals the opportunity to furnish their spaces with pieces that are striking in design, exceptional in quality, and based on a profound commitment to sustainability.

We transform reclaimed plastic, fabric, and glass waste into exquisite and durable furniture and décor.

Each piece carries a unique story of environmental restoration, meticulously crafted into a timeless design for your indoor and outdoor sanctuaries.

The Rectangle Dining Table Top

Gather your loved ones around a stunning centrepiece that combines sleek, modern aesthetics with a powerful story of sustainability, creating memorable occasions for any dining space.

Total Weight: 68 kg

Estimated Recycled Plastic: 8.8 kg (equivalent to ~757 PET bottles)

Dimensions:
1800mm x 900mm x 30mm

Estimated Repurposed Fabric: 17 kg (equivalent to ~17 T-shirts)

Crafted with Purpose

Our Rectangle Dining Table Top has an expansive and elegant surface that provides the perfect stage for memorable gathering.

Crafted from a significant volume of recycled plastics and repurposed textiles, this table top transforms waste into a durable and beautiful centerpiece where design, functionality, and sustainability converge. By choosing this piece, you are investing in a timeless design that contributes to a healthier planet.

Fire Pit Set with Benches

Transform your outdoor living space into a hub of warmth, conversation, and sustainable style with the Zerocrete Fire Pit Set. This complete set, featuring a central fire pit table and four curved benches, is crafted from recycled materials, offering a durable and eco-conscious focal point for any patio or garden.

Total Weight:

180 kg (68 kg Firepit Top + 4 x 28 kg Benches)

Estimated Recycled Plastic:

23.4 kg (equivalent to ~2,012 PET bottles)

Dimensions:

Firepit Top: 1200mm Diameter x 200mm

Bench (each): 1600mm x 1200mm x 500mm

Estimated Repurposed Fabric:

45 kg (equivalent to ~45 T-shirts)

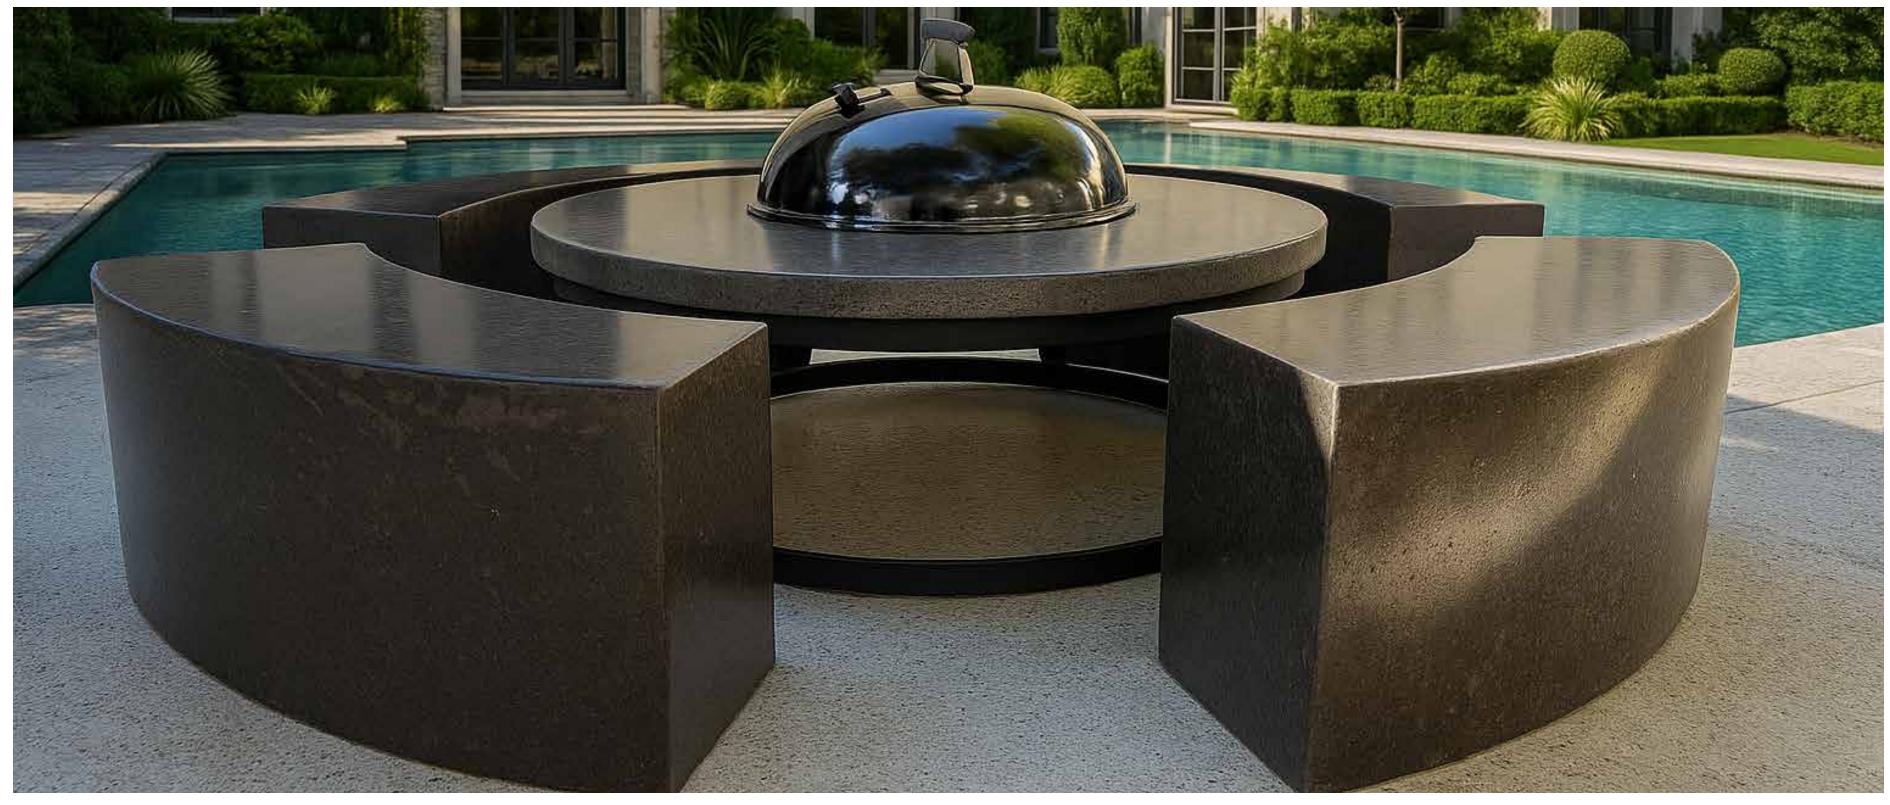

Designed for Connection

The Zerocrete Fire Pit Set is designed for gathering. Comprising a striking central fire pit table and four elegantly curved benches, this set provides a complete solution for outdoor entertaining. Each component is a testament to sustainable innovation, turning a massive volume of post-consumer waste into a durable, weather-resistant, and beautiful outdoor feature. The substantial weight and solid feel of the set speak to its quality and the sheer quantity of materials diverted from landfills. This outdoor furniture piece sets a commitment to a better way of building our world, one gathering at a time.

The Panton Chair

A modern reinterpretation of an iconic design, the Zerocrete Panton
Chair is a testament to the beauty of sustainable innovation. Crafted
from a unique blend of recycled materials, this chair offers both
striking form and a powerful environmental statement, making it a
focal point in any space.

Total Weight: 37.5 kg

Estimated Recycled Plastic: 5 kg (equivalent to ~ 431 PET bottles)

Dimensions: 450 x 455 x 800mm

Estimated Repurposed Fabric: 9 kg (equivalent to ~ 9 T-shirts)

Built for Impact, Styled for Life

The Zerocrete Panton Chair is a bold celebration of iconic design, meticulously crafted to tell a story of transformation and sustainability. While its smooth, flowing curves command attention, its true beauty lies within its composition. Each chair is a testament to sustainability, turning waste into form, strength, and purpose. The Zerocrete Panton Chair is a conversation starter and tangible proof that sustainability can be both beautiful and functional. When you choose this chair, you are selecting a piece of furniture that embraces a future reimagined.

The Round Dining Table

The Zerocrete Round Dining Table is a harmonious blend of sculptural form and sustainable practice. Comprising a substantial top and a stylishly textured base, this table is designed to be a central point of connection and conversation in your home.

Total Weight: 95 kg (62 kg Top + 33 kg Base)

Dimensions:

Top: 1200mm Diameter x 30mm Base: 500mm Diameter x 800mm

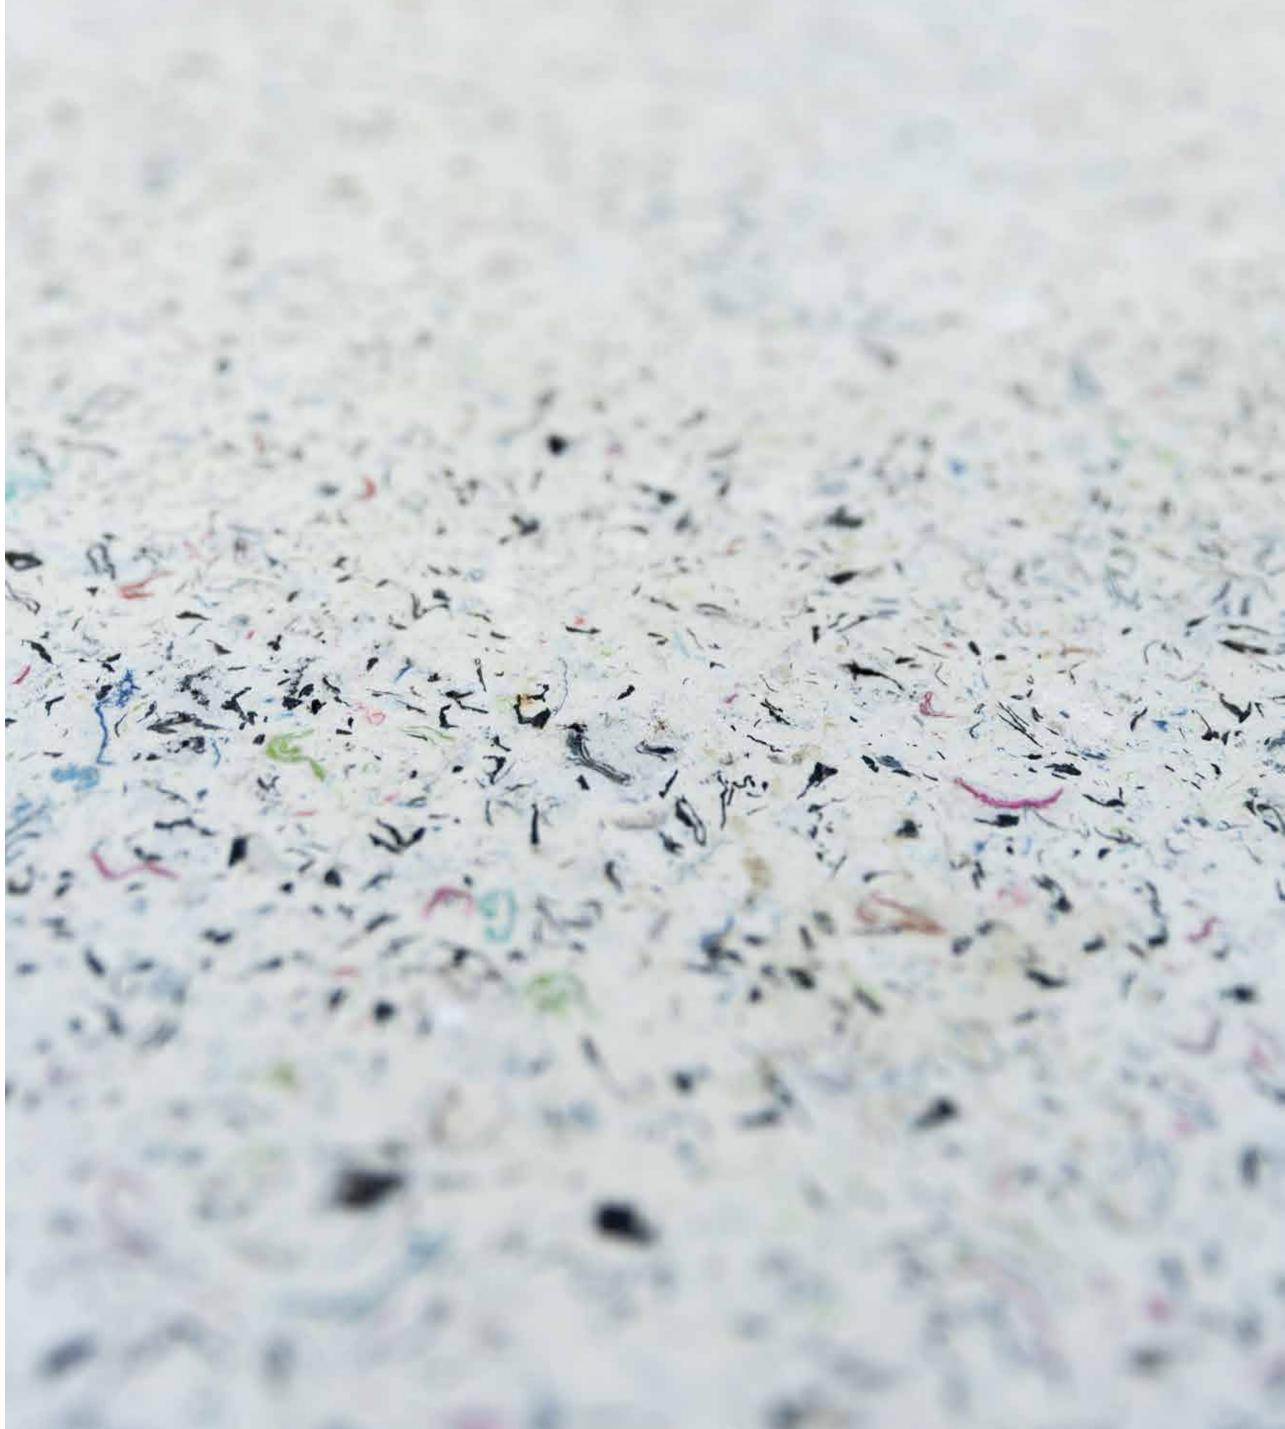

Estimated Recycled Plastic: 12.4 kg (equivalent to ~1,066 PET bottles)

Estimated Repurposed Fabric: 23.8 kg (equivalent to ~24 T-shirts)

Inspired by Everyday Living

Create an inviting and conscious dining space with the Zerocrete Round Dining Table. This beautifully crafted set includes a generous, solid top and a distinctively textured base, both made with a commitment to sustainable design. The table's substantial weight is a reflection of its durable construction and the significant amount of recycled plastic and fabric embedded within. It's a bold statement piece that embodies the idea that we can create beautiful, lasting furniture while making a positive impact on our environment.

The Side Table

Elegant, versatile, and consciously crafted, the Zerocrete Side Table is a quiet revolution in sustainable design. Its minimalist form is built with a purposeful blend of recycled materials, making it a functional and responsible addition to any modern interior.

Total Weight: 18.5 kg

Estimated Recycled Plastic: 2 kg (equivalent to ~ 213 PET bottles)

Dimensions: 500 x 500 x 30mm

Estimated Repurposed Fabric: 5 kg (equivalent to ~ 5 T-shirts)

Rooted in Sustainability, Refined in Design

At first glance, it's a simple, elegant side table. But beneath the surface lies a powerful transformation. This piece is built with purpose, embodying a commitment to environmental responsibility without compromising on style. Each table gives a second life to materials that would have otherwise ended up in landfills and oceans, making it a quiet revolution in home furnishings. It's a functional piece that tells a story of renewal, reuse, and responsibility, proving that design can optimise aesthetics while telling a story about where materials come from and where they are going.

The Pool Lounger

Lounge in luxury with a clear conscience. The Zerocrete Pool Lounger combines elegant, ergonomic design with revolutionary sustainable materials, creating the ultimate statement piece for any poolside or patio. Relax in style, knowing your comfort is contributing to a healthier planet.

Total Weight: 55 kg

Estimated Recycled Plastic: 6.9 kg (equivalent to ~ 593 PET bottles)

Dimensions: 2130mm x 590mm x 30mm

Estimated Repurposed Fabric: 13.3 kg (equivalent to ~13 T-shirts)

Form, Function, and Intention Intertwined

Imagine a summer afternoon, relaxing by the water on a lounger that is as kind to the earth as it is to your body. The Zerocrete Pool Lounger turns this vision into a reality. Its gracefully curved, ergonomic form provides exceptional comfort, while its solid construction tells a powerful story of renewal. Each lounger is meticulously hand crafted from a substantial blend of recycled plastics and repurposed fabrics, transforming would-be waste into a durable and chic piece of outdoor furniture. The Zerocrete Pool Lounger is the perfect choice for sustainable living, proving that stylish luxury doesn't have to cost the earth.

Sustainable Luxury

Elevate your home with beautiful objects that carry a light footprint. Every item diverts significant waste from landfills and is produced with up to 85% fewer carbon emissions than conventional alternatives.

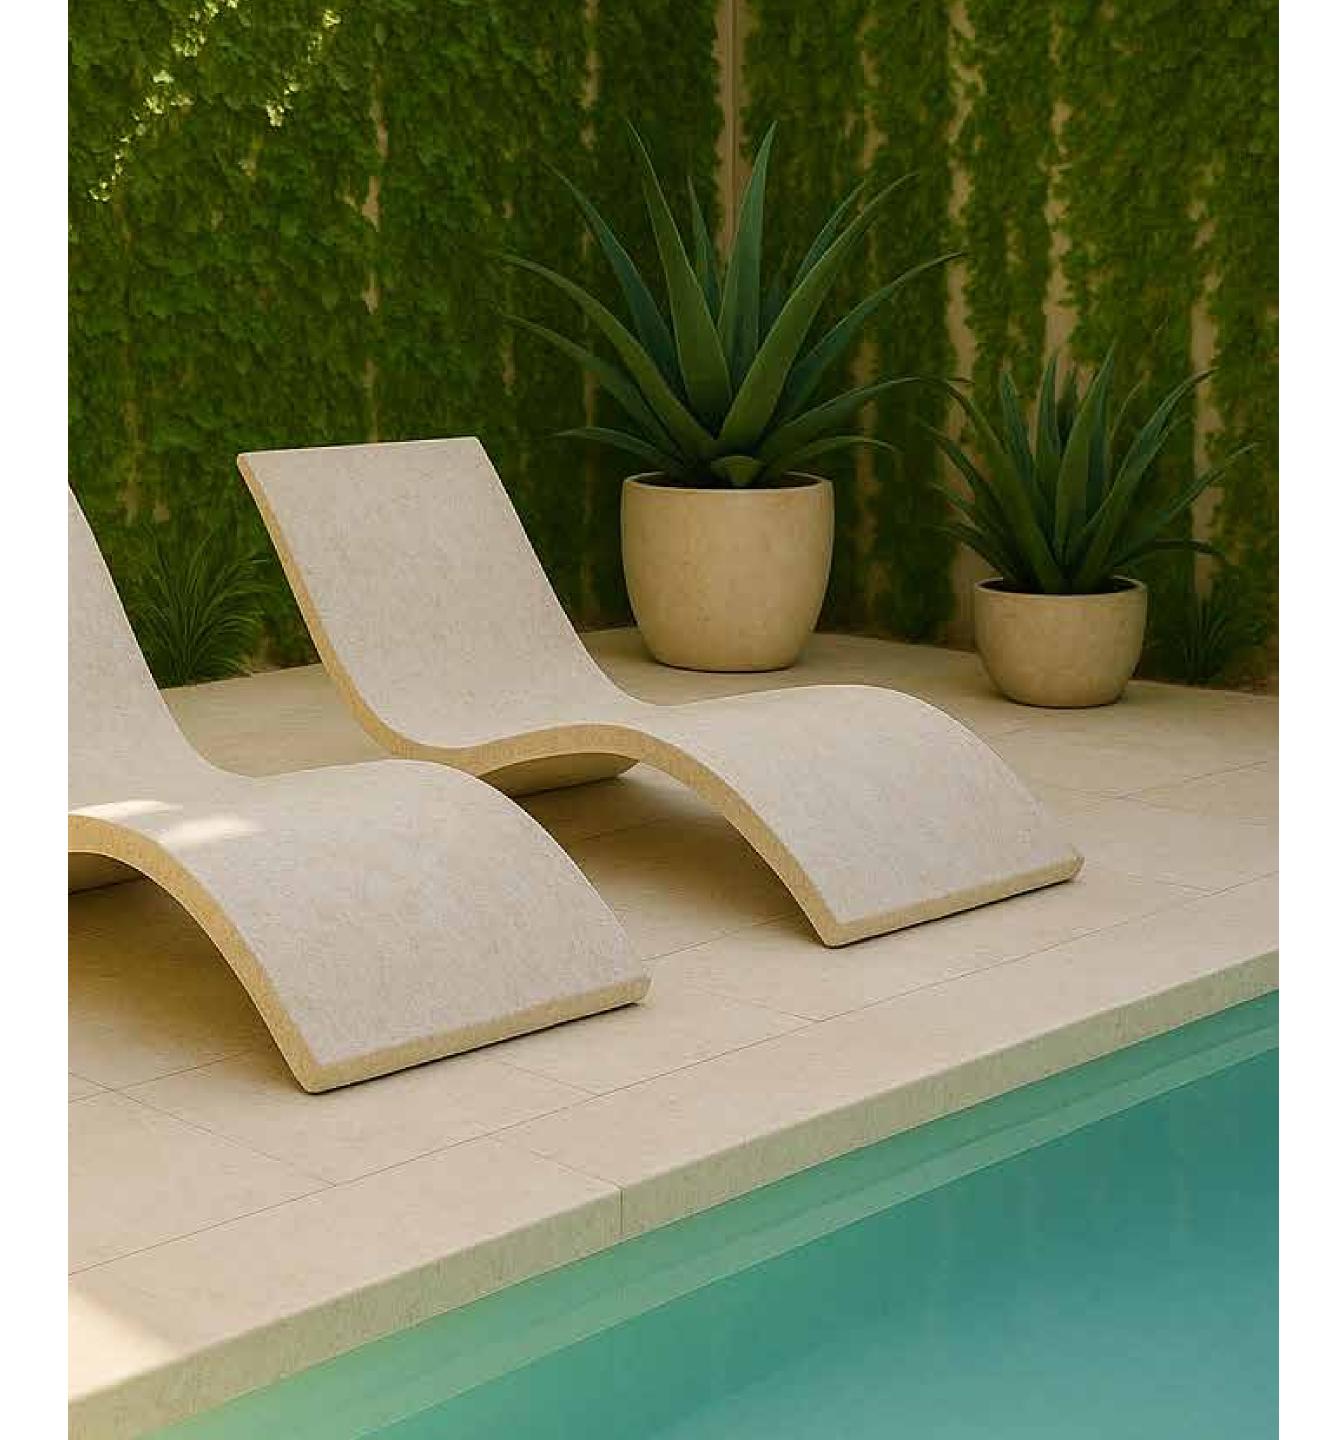

Enduring Performance

Engineered for life, our furniture is exceptionally resilient to daily use.

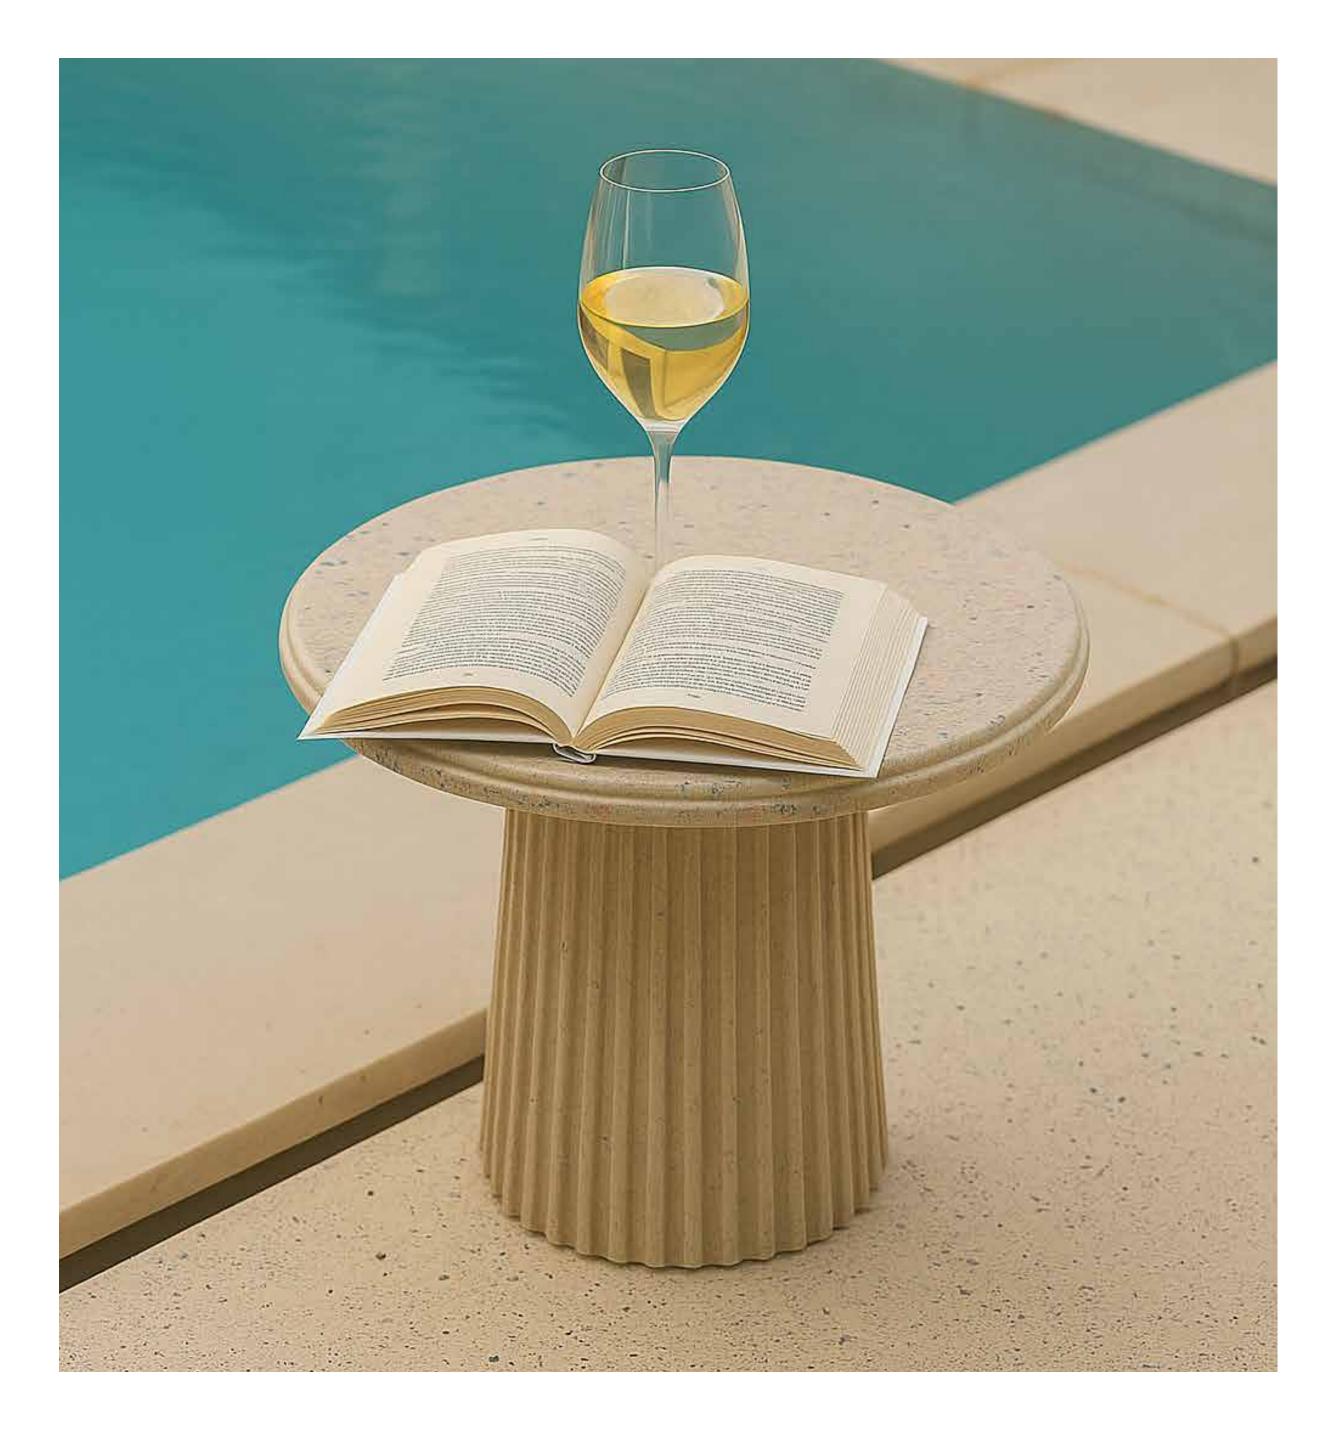

Comfortable, robust, and weather-resistant for indoor and outdoor applications, Zerocrete furniture is designed to be a lasting part of your home for generations.

Sculptural & Lightweight

While possessing a strong, monolithic presence, Zerocrete is up to 50% lighter than traditional concrete, allowing for greater versatility in placement and design within your home.

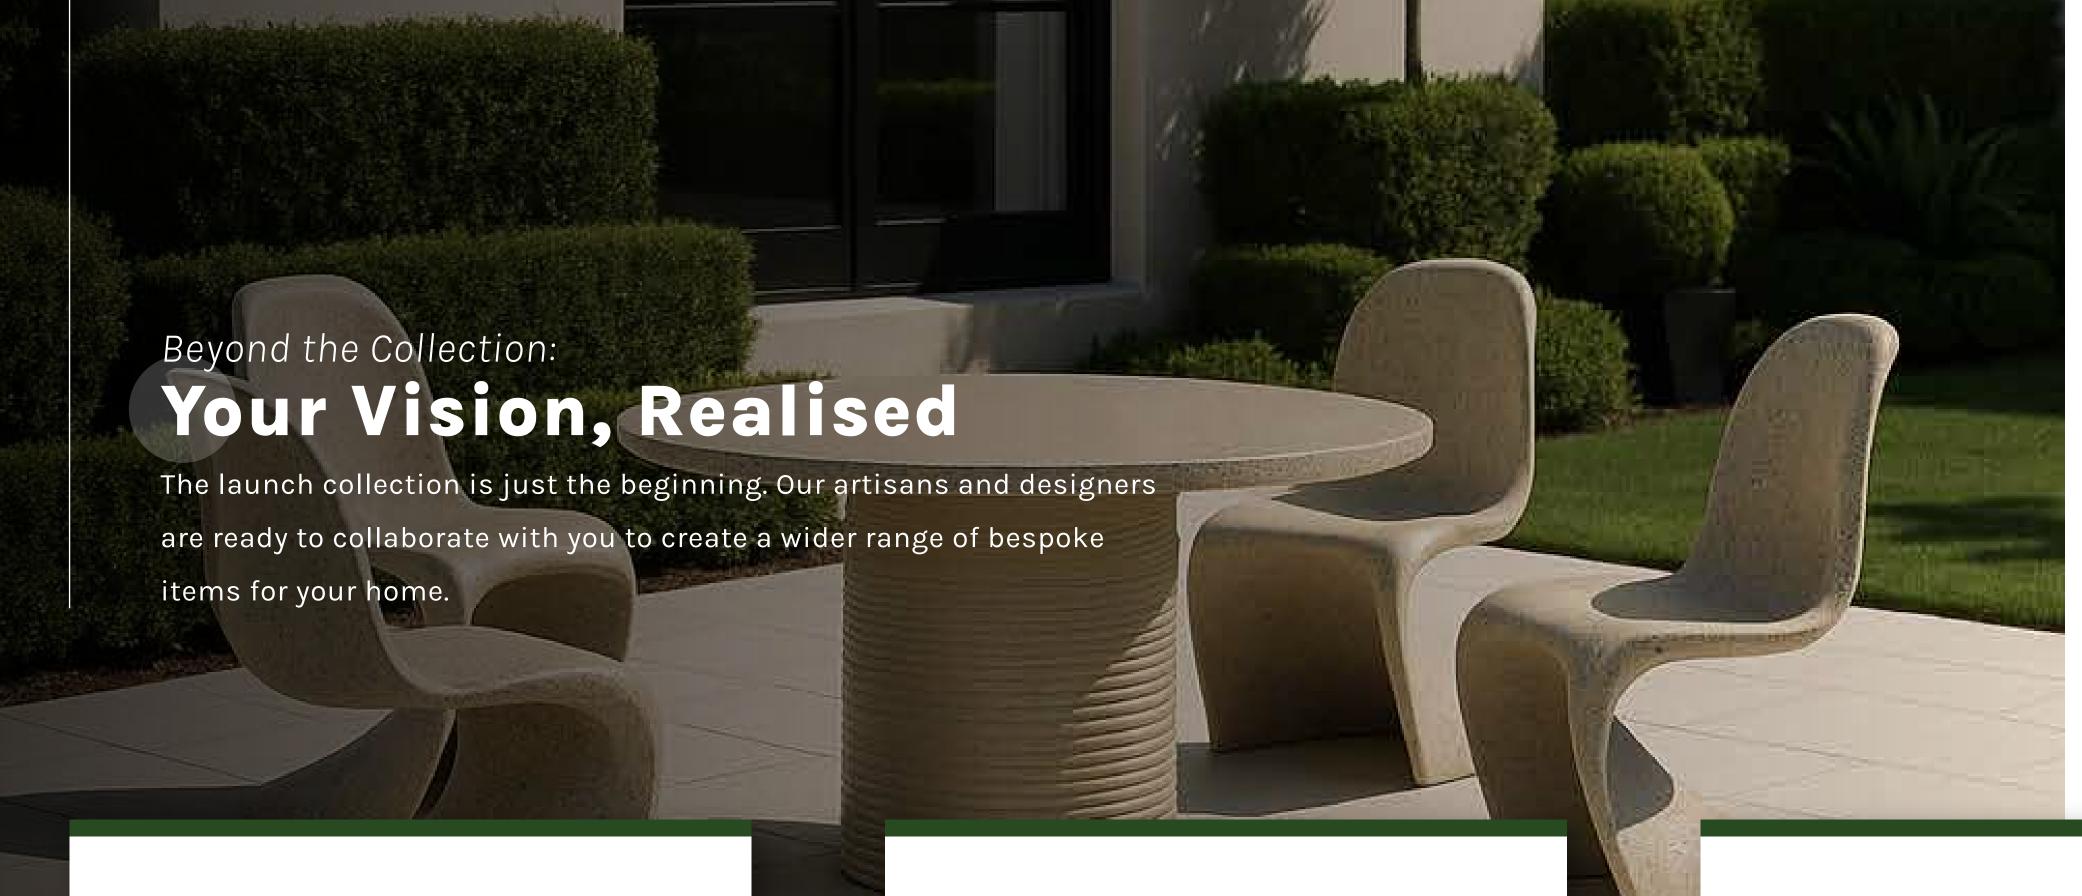

Bespoke Craftsmanship

Your vision is our blueprint. Zerocrete's remarkable mouldability allows us to create custom shapes, textures, and colours, offering true design freedom for one-of-a-kind pieces.

Indoor & Outdoor Furniture

From custom benches and planters to side tables and consoles, if you can envision it, we can craft it.

Decorative Products

Commission functional art, sculptural pieces, custom wall panels, or unique vessels that add a final, personal touch to your décor.

Custom Contertops

Create seamless, durable, and unique countertops for your kitchen, scullery, or outdoor entertainment area.

Let's begin the conversation about crafting sustainable, beautiful objects for your home.
